

## MAGPRO 40/1S Adjust Swivel

The MAGPRO 40/1S Adjust Swivel is a very compact and light machine of only 12 kg. The exclusively developed sliding system ensures an increased stability of the motor unit and thus leads to higher cutting quality. This allows precise holes up to Ø 40 mm.

Main features of the MAGPRO 40/1S Adjust Swivel:

- Very compact and lightweight design - only 12 kg
- Quick release Weldon 19 mm shank
- Exclusive swivel sliding system
- CE confirmed
- Swivelbase: 2 x 15°
- Slidingbase: 15mm
- crank lever and cooling system can be installed on both sides

### Specifications
